UNO and the University of Innsbruck receive the Euro-Atlantic Culture Award for International Education

This prestigious prize was awarded to the University of New Orleans and the University of Innsbruck for “their remarkable contribution to the scientific and cultural exchange between Europe and the USA.” The European Foundation for Culture “Pro Europa” supports cooperation in the areas of art and science between the European Union and the United States. The International Summer School is the cornerstone of the long-standing friendship between UNO and the University of Innsbruck.
Welcome to The Innsbruck International Summer School. I know you will enjoy your time in Austria and the opportunities you will have to learn about Europe both in the classroom and while traveling. UNO carefully selects faculty and courses that will make the most of the local setting. For the summer of 2013, I have asked the faculty to emphasize comparisons between European and U.S. policies and practices to help you better understand international issues. The professors, the UNO-Innsbruck staff members, and I will all be available to assist in making your summer a memorable experience. Innsbruck, a city of history, culture and natural beauty, will become your temporary home, and I look forward to sharing this special place and program with you next summer.

Dr. Robert L. Dupont, Academic Director - The Innsbruck International Summer School 2013

Welcome to The Innsbruck International Summer School. The University of New Orleans is proud to welcome you to the 38th session of The Innsbruck International Summer School. International study programs exist not only to fulfill your educational needs, but to introduce you to the unique and enriching attributes of foreign cultures. As you immerse yourself in the activities of your host culture, remember that, through your participation in this program, you serve as a cultural ambassador for your university and the United States. I hope that this summer your worldview will be expanded and your taste for travel will be nurtured. Again, welcome, and enjoy your summer abroad!

Dr. Peter J. Fos, President, The University of New Orleans

The decision to study abroad is an important one that entails measuring the benefits against the costs. When you choose to study with UNO in Innsbruck, you are choosing a comprehensive program that provides an incomparable value for your investment by offering you top-ranked faculty, professional and experienced staff, a stellar range of academic courses and extra-curricular activities, and superior accommodations and meals. Congratulations on your choice of an academic and financial investment that will prove invaluable to your personal development and professional career!

ELIGIBILITY & ADMISSION GUIDELINES for ALL STUDENTS

Undergraduates with a 2.5 GPA and graduate students with a 3.0 GPA and non-degree seeking students are eligible to apply. New students seeking college credits must meet the general admissions requirements of The University of New Orleans. Guest students from other institutions and continuing University of New Orleans students must meet the grade point requirements above. Priority will be given to students enrolled in a university program. After review of all application materials, students will be notified in writing of acceptance into The International Summer School.

HOW TO APPLY
Apply online: http://inst.uno.edu/austria/
Click on “Apply Here” to begin the application process. In addition to submitting the online application, you must complete and return all application forms before your application can be reviewed for acceptance into the program. Course selection takes place at the time of application but cannot be guaranteed until the student is accepted.

REGISTRATION & SCHEDULING
• Registration is complete upon receipt of a student’s formal application and deposit.
• Course scheduling will be arranged based on a student’s eligibility and preference list. In the event of time conflicts or if class quotas of 15 per class have been reached, students will be assigned to class quotas of 15 per class have been reached, students will be assigned to course(s) on their alternate list.
• The International Summer School requires all students to complete at least 6 hours (2 courses) and allows enrollment in 9 hours (3 courses).

On an afternoon excursion, students visit the Austrian crystal manufacturer Swarovski, where they learn about this international company and tour the exhibitions.

Some courses have precise UGA transfer equivalents, while others may have a more general transfer designation such as HIST 3T**, which indicates only the department and course level (in this case, a 3000 level History course). If needed, students may work directly with an academic advisor to determine a more precise course transfer equivalent. Students are advised to begin the Credit Approval Form process as soon as the decision to participate in the UNO Innsbruck program is made.

“Coming to Innsbruck was the best decision I have made in college.”
Courtney Matheny
The University of Georgia

UGA students should contact the UGA Office of International Education to schedule an advising appointment with a Study Abroad Advisor if they have any questions about studying abroad, the credit transfer process, Credit Approval Form, scholarships, or financial aid.

UGA Office of International Education:
(706) 542 - 2900 - goabroad@uga.edu

The Credit Approval Form needs to be on file in the OIE in order to receive federal, state or institutional financial aid, including HOPE, Zell Miller, and other scholarships for studying abroad. UGA students are also eligible for the Ambassador Awards and can get more information about these in the OIE. UGA financial aid, such as the HOPE scholarship and book allowances, is based on the number of credits students earn during the program and is calculated at the UGA tuition rate. Students can obtain a Credit Approval Form in the Study Abroad Office on 1324 South Lumpkin Street or download it from the Download Forms section of the OIE website:
www.uga.edu/oie/sa_forms.htm

Greg Masiello
The University of Georgia

UGA students earn non-resident, transfer credit issued by The University of New Orleans, and grades earned on this program are calculated into the students’ overall GPA at UGA. Students should work with their Academic Advisor to complete and sign the Credit Approval Form and determine how the UNO Innsbruck classes will transfer and apply to specific UGA degree requirements or electives. UGA equivalents for courses offered in The International Summer School are listed on the UNO website, as well as the UGA Credit Approval Form.

“Dave’s a very important part of Innsbruck. It’s kind of a tradition, he’s always been there for us.”
Society Professor Dean Rojek
The University of Georgia

Drawing instructor Wolfgang Falch often takes his students outside to practice on real-life objects.

“‘The highlight of the program is to come home to Innsbruck every Sunday evening after having the freedom to travel through Europe on the weekends.’”
Sam Tumlin
The University of Georgia

Sociology Professor Dean Rojek with his students at the University of Innsbruck classroom building.

“‘This program helped me learn a lot about myself, and I now am more confident about what I want to do with my life.’”
Chelsea Armstrong
The University of New Orleans

Our student Ambassadors, who receive financial assistance, help prepare for the annual Jambalaya Night.
CURRICULUM
In keeping with the purpose of The International Summer School, courses are enhanced by the setting in Austria and Europe. A concerted effort is made in all courses to reinforce the classroom instruction with the rich cultural surroundings. All courses are taught in English. However, students are urged to take a German language course either before or during the summer for a better appreciation of the European experience.

EXAMS, TRANSCRIPTS & CERTIFICATES
• Mid-term and final examinations will be given in all courses. Class attendance is required of every student.
• An official transcript from The University of New Orleans will be sent to each student’s home institution at no extra cost.
• A special certificate from The International Summer School will be awarded to students who complete nine hours with academic distinction (at least two A’s and one B).
• All students will also receive a certificate of attendance reflecting course grades.

“Best study abroad! My highlights were meeting new friends and seeing Europe.”
Ruth Wellborn
The University of Alabama

All courses listed will carry three credit hours, unless otherwise indicated. The academic regulations at The University of New Orleans will apply in Innsbruck as well. Freshmen and sophomores are eligible to enroll in courses numbered 1000 and 2000, and upperclassmen (over 59 hours of credit) may take any of these courses, as well as those numbered either 3000 or 4000. Graduate students are eligible to enroll for graduate credit in courses numbered 4000 and above.

NOTE: Guest students are responsible for securing approval from their home institutions for the courses they wish to take.

UNIVERSITY OF INNSBRUCK
The Leopold-Franzens University of Innsbruck, founded in 1669 by Emperor Leopold I, is recognized today as a major European institution of higher learning and research. A long-standing formal Friendship Agreement with the University of Innsbruck affords UNO special access to the resources and faculty of this great European university. Since 1976, almost 9,000 students have spent their summers at The International Summer School on the campus of the University of Innsbruck. Moreover, hundreds of Austrian students have studied at The University of New Orleans, many of them for a year or longer. As a result, no university in the world has welcomed as many students from the University of Innsbruck as The University of New Orleans.

FINANCIAL ASSISTANCE
The University of New Orleans and The International Summer School strongly believe that the European educational experience should be made available to as many qualified students as possible. To this end, a limited number of awards are available to UNO and UGA students who exhibit high academic achievement, can clearly demonstrate financial need, and whose academic plans will benefit most from this experience. Recipients are designated as Ambassadors and are expected to assist during and after the program. For further information contact the UNO Division of International Education.

Any student may be eligible to use financial aid, grants, or other forms of financial assistance for this program. Non-UNO students must apply for Financial Aid at their home institution.

GENERAL INFORMATION ON TRANSPORTATION

TRAVEL DATES
The International Summer School 2013 starts on June 29 and ends on August 9. To arrive on June 29, you must depart the U.S. on June 28 (overnight flight). All students must check into the dormitory by 5:30 pm on June 29, in time for the mandatory orientation. Return date is August 9.

AIRPORT TRANSFER
The program will provide round-trip bus transfers from the Munich airport to the dormitory in Innsbruck on June 29, 2013, with return on August 9. All program participants can use this transfer service, provided they book their flights in accordance with the transfer schedule, posted on the program website.

RAILPASSES
For weekend travels through Europe and travels before and/or after the program, rail is the best and cheapest mode of transportation. We recommend a Eurailpass, which must be purchased in the U.S. before departure. Students may purchase their Eurailpass independently or from ITS Tours. To learn more about Eurailpasses, visit the program web site. As Eurailpasses are based on the exchange rate between USD and Euros, the railpass price is not fixed until it is actually purchased.

GROUP FLIGHT DETAILS
For information on how to book a seat with ITS Tours, please read this information carefully:

Payment Terms:
A $300 deposit by credit card or check is required at the time of booking space in the group airblock. The deposit is refundable if written notice is received by ITS Tours by February 22, 2013.

Final payment by check or credit card will be due no later than March 22, 2013, and is non-refundable once received by ITS Tours. Therefore we very strongly recommend the purchase of travel insurance from ITS Tours (see below).

ITS Tours must receive full payment by March 22, 2013 in order to issue a ticket at the group rate. However, please keep in mind that group space on each airline is limited and is provided on a first-come, first-served basis and may not be available if participants wait until this date. After March 22, 2013, tickets will be available at the prevailing individual rate on the date of purchase.

Please be aware that group seats are blocked by ITS Tours a year in advance of the proposed travel dates and the airlines are guaranteeing a fixed base rate for the seats regardless of what happens with the airfares. Because of this, at times, there may be individual seats available for instant purchase online or directly with the airline(s) that may be lower priced than the group airfares. These types of tickets must be purchased instantly, however, and only a very limited number of seats will be available for sale. The group base rate ITS Tours has negotiated is the same for all travelers in the group and is guaranteed not to change as long as all deadlines are adhered to. Note, however, that the group rates quoted in the text on the left include all government taxes, airline surcharges, airport fees, and fuel surcharges on the date this information is printed for publication. ITS Tours is responsible to inform all participants who have made a flight reservation with them of any changes in the price of the ticket or any additional charges. Please note that some fees may apply for checked and/or carry-on luggage. For each airline’s baggage and frequent flier mileage accrual policy, refer to the respective web site. For travel regulations by the Transportation Security Administration, please visit: www.tsa.gov/travelers.

ITS Tours accepts checks, VISA, MasterCard or American Express credit cards for all payments. Credit card payments must be accompanied by an authorization form completed by the actual cardholder. Please advise ITS Tours in your initial correspondence of your preferred method of payment. Once you have applied to The International Summer School, ITS Tours will e-mail you the details regarding the group flight and Eurailpasses.

Students are urged to book and make their deposit early in order to ensure a reservation. Space can only be guaranteed once ITS Tours has received your payment information and signed authorization. Again, group space is limited and is provided on a first-come, first-served basis. Reservations for connecting domestic flights are made at the time of booking and deposit.

Tickets will be electronic and will include a group flight passenger receipt and flight itineraries. Bus transfer information (pick-up point, departure time, etc.) will be sent to each person and will also be available on the program web site. Group tickets are issued approx. 30-45 days before departure. Once a ticket has been issued, it will be non-transferable, non-changeable, and non-refundable for any reason including medical reasons. In addition, no partial credit for unused tickets will be granted nor will credit toward future travel be granted if all or part of a ticket has been cancelled or used. Cancellation of a reservation will incur penalties; details will be provided upon request.

When full payment has been received, the airline will place participants into the “block” of seats assigned to the group on each aircraft. Specific seat requests cannot be honored in advance of airport check-in. It is possible to request a change from the “block” upon check-in with each respective air carrier but a change from the pre-assigned “block” seat may not be granted before airport check-in. Frequent flier numbers may only be presented to each specific air carrier upon check-in with that specific carrier and will not be accepted in advance.

Travel Insurance:
Because your payment is non-refundable once received by ITS Tours, The International Summer School, ITS Tours and all airlines involved strongly recommend each participant consider purchasing appropriate travel insurance for trip cancellation and bag gage loss. Each participant and/or purchaser of travel insurance is solely responsible for understanding the possible limitations associated with the travel insurance they decide to purchase. Please check with ITS Tours for coverage and quotes.

Other Travel:
ITS Tours will also be able to make any other travel arrangements before and/or after the program. If you plan to travel independently in Europe before and/or after the scheduled Innsbruck program, ITS Tours can help arrange this travel for you. This may save you some money. It may be possible to fly back with the group flights even if your flight to Europe was different than the scheduled group flights, as long as your flights are arranged through ITS Tours. Different conditions may apply if you make alternate travel arrangements with ITS Tours. These deviations will be handled separately by an international air expert from ITS Tours.
WEEKEND TRAVEL

Students take a weekend trip to Amsterdam.

Classes are scheduled from Monday to Thursday, except for the first week when classes are also held on Friday. Most of these long weekends are free for students’ individual travel and offer a wonderful opportunity to explore Europe.

“\[This program has been amazing in every way! The location and people are great. I met friends I will have for the rest of my life. Work hard and really use the short amount of time you have here!\]”
Charlotte Blount
University of Texas at Austin

CLASS FIELD TRIPS

Most students in The International Summer School will enjoy the opportunity to take class field trips within Innsbruck, as well as other parts of Austria and across international borders to Italy and Germany. These trips are integral to the courses and are conducted by the professor of each class. Most short excursions require no additional expense in order to participate.

Some of the Business classes tour the BMW plant and museum in Munich, Germany.

We are convinced that these field trips provide some of the real highlights and exceptional experiences of The International Summer School. Students should consult the individual course descriptions provided in the online Summer Course Guide for details about required field trips, or call The International Summer School office for more information. Students are advised not to miss any required field trip(s) as this could result in academic/participation penalties.

“\[Learning outside the classroom is an important aspect of the program. These students are on a class field trip to Berchtesgaden, where they learn about Hitler’s “Eagle’s Nest” and the Second World War.\]”

Patrick Hall
The University of New Orleans

HOUSING

The International Summer School includes housing at a dormitory in Innsbruck. The facility offers furnished rooms with a private bathroom and shower. Internet access is available in all rooms. Most rooms are doubles, but single rooms are available for a fee of $550.00. (Please see web site for details.) A full breakfast buffet is served in the dorm on class days.

“\[Great dorms! I loved traveling on weekends and feeling like Innsbruck was our home.\]”
Morgan Francy
Southern Methodist University

The Rössl dormitory, in the background, is an easy walk from the classroom building across the bridge.

DISABILITY ACCOMMODATIONS

The University of New Orleans is committed to making The International Summer School and all of its programs accessible and friendly to students with documented disabilities. Persons requiring special accommodations must notify the Program Director at the earliest possible date so that their needs may be properly assessed and reasonably accommodated.

PASSPORT & VISAS
A valid passport is required for everyone traveling to Europe. For passport fees, application instructions and forms, see the U.S. Department of State site: www.travel.state.gov/passport

It is strongly suggested that you apply for your passport as soon as possible, and no later than April.

All foreign students requiring visas for travel in European countries must secure those visas before arrival in Europe. The Division of International Education assumes no responsibility for visas.

MEDICAL INSURANCE
All students will be covered by a comprehensive study abroad medical insurance plan that is included in the cost of the program. This policy provides for accident, medical expenses, emergency medical and evacuation, repatriation of remains, and family assistance coverage. Extended coverage at additional cost is also available. A brochure fully detailing the insurance plan will be provided to each student. The policy does not cover trip cancellation or baggage loss. Such a policy is available for purchase from ITS Tours or other travel agencies and is strongly recommended. (See left page)
