Coordination of Benefits

If a covered person has other medical or dental coverage in addition to this policy, we will coordinate the benefits of the policy with the benefits of the other plan so the combined benefits do not exceed 100% of the allowable charges incurred. This may require a reduction of benefits paid under the secondary plan.

This information is a brief description of the important features of the insurance plan. It is not a contract of insurance. The terms and conditions of coverage are set forth in the policy issued in the state in which the policy is delivered. Complete details may be found in the policy on file at your schools office.
